OK

SIR,

ST
24/10
10
I have the honour to forward herewith a petition dated 29th September 1925 presented to ~~the~~ me by Ayurveda Vidwan A. Sitarama Sastry now a student of the Grant Medical College, Bombay, for the continuance of the Scholarship payable to him for one year from 1st July 1925.

2. The applicant after undergoing the full course of training in the Government Ayurvedic College, Mysore, and obtaining the Vidwat Diploma, joined the Grant Medical College, Bombay, and was awarded a scholarship under the Special Scheme sanctioned in Government Order No.G.3946-49/Med. 40-17-3 dated 23rd August 1918. In the ordinary course of things the student ought to have taken the degree by this time but illness of a serious nature seems to have prevented him from sitting at the examination held in September 1923. The Doctor who attended upon him during the illness and the Dean of the College have certified to the correctness of the statements made by Pandit Sitarama Sastry. The Dean while recommending the continuance of the scholarship till the end of July 1926, says that he is a conscientious and hard-working student and richly deserves the help that the Mysore Government is giving him.

3. Notwithstanding the above facts and the several representations made by the student himself, the Senior Surgeon has not been pleased to take the student's case into his favourable consideration and provide him with a scholarship to enable him to take the

P.T.O.

the degree. In my capacity as President of the Ayurvedic College Committee, Pandit Sitaram Sastry waited on me and represented his case. As a result of this interview, I wrote to Dr. Osman mentioning that the case deserved sympathetic consideration in view of the exceptional circumstances brought to notice and expressing a hope that he would kindly see his way to comply with the Pandit's request for the continuance of the Scholarship till the end of July 1926. From the accompanying application it will be seen that the Senior Surgeon has not thought it fit to reconsider the decision already arrived at by him.

4. Scholarships under the special scheme inaugurated in the Government Order of 23rd August 1918 were in the nature of an experiment and very few people took advantage of it. Pandit Sitaram Sastry was the only Ayurveda Vidwan that availed himself of the opportunity and by dint of hard and honest work has gone excellently so far and it seems to be unfair to handicap him in his studies now. His failure in the Intermediate Examination in September 1923 which retarded his progress for one year was due to reasons over which he had no control. Being the first product of the Allopathic and Ayurvedic systems of Medicine and the progress of the student being uniformly good so far, I am of opinion that his case deserves special treatment and that the stipend may be continued till the end of June 1926 with a warning administered to the student for his previous failure and to be particularly careful and studious during the year. If it should be absolutely impossible to continue the scholarship from the sanctioned grants of the Medical Department, I beg to suggest that a sum of Rs.600/- at Rs.50/- a month may be made available from the sum of Rs.10,000/- provided in the current year's budget for the revision of the Ayurvedic College.

I have the honour to be,

Sir,

Your most obedient servant,

CS Balasubramanyam
Int. Muzrai Commissioner.

To

K. N. Srinivasa Iyengar, Esq., M.A.,
First Member of Council.

(Through the Muzrai Commissioner in Mysore.)

Respected Sir,

I most humbly beg to submit that my special Ayurvedic Medical scholarship of Rs.50 per mensem to study at the Grant Medical College, Bombay, has been stopped by the Senior Surgeon since the 1st of July 1935 in spite of the Dean's recommendations to continue the same to July 1936, a copy of which I beg to enclose herein for your kind perusal.

I beg to add that on account of illness at the time of the University Examination as detailed in the Dean's recommendations to the Senior Surgeon, I lost one year in my career and applied to the Senior Surgeon in April last for the extension of the scholarship to which the reply that there was no provision.

Then I applied to the Muzrai Commissioner and President of the Ayurvedic College for help in the matter and he was pleased to recommend my case to the Senior Surgeon. I had an interview again with the Senior Surgeon yesterday who said that he did not believe either in the recommendation of the Dean or the Medical certificate attached to the same and that he was not prepared to reconsider his decision. In my interview with the Second Member in Council I was told that he would not take any action unless the case was recommended by the Senior Surgeon. The Senior Surgeon has not been pleased to continue the Ayurvedic Medical scholarship while

2.

other ordinary medical scholarships have been continued so far in similar cases of students not being able on account of illness to obtain the Degree in the shortest period.

I beg to add that I entirely depend for the completion of the course on the scholarship which was specially instituted in connection with the scheme of reorganisation of the Government Ayurvedic College at Mysore. If I am be compelled to give up the course at this time, it will be discontinued. Therefore, I most humbly request you will be pleased to sanction the scholarship from 1st of July to the end of July 1926 as recommended by the Government to enable me to complete the course. For this act of kindness, I shall be extremely grateful to you.

I beg to remain,

Mysore.

Respected Sir,

29th Sept. 1925. Your most obedient and humble servant,

A. Sitarama Sastr
Ayurveda Vidwan,
Junal M. B.B.S.
c/o Mr. Dean
Grant Medical College
Bombay

From The Dean,
Grant Medical College, Bombay.

To
The Chief Surgeon with the
Government of India, Bangalore.

Sir,

With reference to your letter No.C.315 dated 11-7-25 re continuation of scholarship of A.S.Shastri, I have the honour to make the following remarks.

He joined this College in November 1921 after passing from the Ferguson College in October 1921. He did satisfactorily in the College terminal examination held in September 1922. In September '23, he appeared in the Inter M.D. examination but failed. This failure is due to his illness at the time. He was suffering from an attack of Dysentery a medical certificate to which effect is submitted herewith. He again appeared in April '24 and passed getting the following marks:--

Anatomy 112, Physiology 105, Bateria Medica 106 out of 200 in each subject. He thus did quite well in the examination. He is due to appear in the Final M.D. in June '26.

This delay in taking the Final H.B. examination is due to his illness and not due to his slowness. He is a conscientious and hard-working student and richly deserves the help that the Mysore Government is giving him. I recommend that his scholarship be continued to the end of July '26.

I beg to remain,
 Your most obedient servant,
 Md. S.L.Bhatia, M.D. (Jantab),
 Dean, Grant Medical College.
 Capt. I.M.S.
